FINGER PULL AND DUST COVER

Finger pull (black) and protective dust cover (black) for standard quarter-turn latches with a collar of $\varnothing 28$ or 32 mm (see table).

White protective dust cover for quarter-turn latches using a modified circular cut-out of 16×19 mm. These latches are found on pages 2-630 and 2-650.

Note:
Add 2 mm to the H-dimension to compensate for plate thickness.

MATERIAL:
Finger pull: Glass fibre reinforced polyamide (PA6), black.
Dust cover, black: Polypropene.
Dust cover, white: Polyethene
